

The 10th Step

“Continued to take personal inventory and when we were wrong promptly admitted it”
Page 59.

The goal of the 10th Step is in demonstrating to ourselves the ability to control our actions.

This happens through willingness and awareness of every moment of our day. We no longer have the excuse of partiality of reality; we are what we are because we choose to be.

The 10th Step isn't out of our reach in thinking or behavior. Awareness of our thoughts before actions is the essence of 'continued to take personal inventory'. It is critical to a thriving responsibility in nature personal only to our self, but in action treats others with the respect and love we have been building in ourselves.

We now perceive that this physic change in us is more about a new way of life than that it's been a long time coming. And that's how we continue to progress through change.

Announcements

The October 15th, 2017 F.A.U.C. meeting will be hosted by the Eye Opener Group at the Arid Club, 715 East Street, Flint.

“And we have ceased fighting anything or anyone—even alcohol. For by this time sanity will have returned. We will seldom be interested in liquor. If tempted, we recoil from it as from a hot flame. We react sanely and normally, and we will find that this has happened automatically. We will see that our new attitude toward liquor has been given us without any thought or effort on our part. It just comes! That is the miracle of it. We are not fighting it, neither are we avoiding temptation. We feel as though we had been placed in a position of neutrality—safe and protected. We have not even sworn off. Instead, the problem has been removed. It does not exist for us. We are neither cocky nor are we afraid. That is how we react so long as we keep in fit spiritual condition.” Page 84-85,
